Unique Disability ID Card (UDID Card)

● About UDID Card

- ❖ A UDID card is a Unique ID for Persons with Disabilities. Rajya Sabha passed the bill on 14/12/2016 for UDID card. 21 types of disabilities covered in this act. It a single document for identification and verification of a disabled person to access various benefits. The card contains all necessary details about a disabled person and bypasses the need for carrying multiple documents.

● Benefits of Unique Disability ID Card (UDID Card)

1. Application for UDID card can be done online.
2. Persons with disabilities will not need to make multiple copies of documents, maintain, and carry multiple documents as the card will capture all the necessary details which can be decoded with the help of a reader.
3. The UDID Card holder will no longer need to carry lengthy documents as proof of the disability. UDID Card will be acceptable everywhere to prove one's disability condition.
4. Using this card will help people with disability to overcome the problems they face regarding the geographical validity of the disability certificate wherever applicable.
5. The card will be of a standard credit card size. It will be easy to carry.
6. Disability-related data will not get duplicated as the computer system can ensure uniqueness of all the data.
7. The system can be easily upgraded if the government has any changes.
8. It would be easy to identify the extent of person's disability. A person with less than 40% disability would have a card with a white stripe, 40 to 80% would have a card with yellow stripe and above 80% card with a blue stripe.
9. The UDID card will be the single document of identification, verification of the disabled for availing various benefits in future.
10. The UDID card will also help in stream-lining the tracking of the physical and financial progress of beneficiary at all levels of hierarchy of implementation from village level, block level, District level, State level and National level.
